

## **Jazz chant : Nathan, Anthony, Adrien**

Saturday night I went somewhere

Where did you go ? Where did you go ?

I went to Hawaiï and I met someone

Who did you meet ? Who did you meet ?

I met a ghost and it did something

What did it do ? What did it do ?

He took its gun dollars and said something

What did it say ? What did it say ?

It said : «I will kill you» and something happened

What happened ? What happened ?

I woke up and it was Monday morning.
