

Jazz chant : Océane, Anaïs and Margot

Saturday night I went somewhere

Where did you go ? Where did you go ?

I went to a zoo and I met someone

Who did you meet ? Who did you meet ?

I met a dragon and it did something

What did it do ? What did it do ?

He took its football and said something

What did it say ? What did it say ?

It said : « I'm gonna burn you and win the football cup »
and something happened

What happened ? What happened ?

I woke up and it was Monday morning.
