Saturday night I went somewhere

Where did you go ? Where did you go ?
I went to Hawaiï and I met someone

Who did you meet ? Who did you meet ?
I met a dragon and it did something

What did it do ? What did it do ?
He took its ball and said something

What did it say ? What did it say ?
It said : « I'm gonna turn you into flower » and something happened

What happened ? What happened ?
I woke up and it was Monday morning.
